# A Day In The Life Of EDP

**Dylan Manning**  
*Grade: 2*

When you first come to EDP you first get to have free time outside or inside if the weather is bad.

Then we go inside for snack.

Then we go to clubs. We have three clubs each day. The councilors sent a sheet home so they know what club we want to do.

We have outside clubs and inside clubs. If the weather is bad we usually do a different club inside.

After clubs we do

homework time. On Monday college students from Franklin Pierce University help us with our homework. Also on Monday a Conant student helps us too. If people aren't finished with homework when the time is over then they move over to the fifth grade table to finish up.

Then when we are finished we go to choices. We have three choices.

Choices could be Lego's, going outside, fuse beads, board games and many more. At the

end of the day we

have an extra snack from home so people who didn't finish it at school may finish it here. Then all the rest of the kid's parents come to pick them up.

We have five councilors named Karen, Carol, John, Kirsti, Kristyn and we have a councilor named Amber too.

And, did anybody know that EDP also ran a summer camp?

In summer camp we go swimming at a beach called Camp Starfish. If you go there in the summer I hope you have a great time.

Lots of people love

it. We have a basketball court, a playground, a tennis court, and a baseball field.

We only have summer camp in the summer. I hope you have a great time if you want to come.

Our phone number is 603-899-6847 and the address is 283 Wellington Rd.,

Rindge NH 03461. We are getting a new gaga court. It is built right now but may be ready by the end of the school year. Thank you for listening to A Day

in the Life of EDP.

# Watch Out For The Trees

**Jonathon Ciglar**  
*Grade: 2*

Don't think that trees are good things, because they are not. One tree took someone in. We are telling

you the truth. So, beware of trees.

And this is just the beginning. There are many things that are coming for you. Like zombies, giant bugs and more.

It all started when

one scientist went to explore the forest. Then he got hungry, he went to get an apple from a tree but not a normal tree.

His taking an apple angered the tree

so the tree wanted revenge. So then the tree got an idea which was to devour the scientist. He was never seen again.

# Lost and Found at EDP

**Braeden Nelson  
Tristin Nelson**  
Grades: 4 & 2

We have been looking at the lost and found. The lost and found has lots of coats, snow pants, rain jackets, gloves and boots. EDP has everyone look and see if it is theirs or not. They leave it out for a week on a table. If no one

claims it, it is donated to Goodwill. Every time the councilors say bring your stuff home the pile just gets bigger! We don't feel it is fair to our parents because they spend money and it goes to waste!

A good solution is to have your parents look at the lost and found.

# The Class Clowns

**Jarrid O'Neill**  
Grade: 5

At the EDP there are three class clowns. They are Jarrid, Jacob and Noah .We goof off all the time. We joke and mess around all the time. A few days ago we were making funny faces together. We are all best buds. We hang out a lot. Some times we even do funny dances. Sometimes we are serious and sometimes we are not. Some of the

funny things we have done are making funny faces yes and no and Jacob said yes. When I asked Jacob "Do

Photo from google.com

and scaring people. When asked, "Do you think your jokes are funny?" I said

# Transportation at the Rec

**Jacob O'Neill**  
Grade: 4

In the past few weeks the Rindge Recreation Department has been working on getting a new bus. The way we were able to buy a new bus was through The Revolving Fund. The Revolving Fund pays for programs by using user fees instead of tax dollars. The Rec got a new bus because it had been breaking down a lot and it costs too much to keep fixing it, it cost more to

fix it than getting a new bus. The bus is not just for EDP but is also used for summer

Photo provided by EDP Staff

camp, the ski program, and other field trips. One question we have been getting a lot is, "Why is the bus white?" The

bus is white because it is not a school bus so it cannot be yellow; because the old van is getting too strict about that. Craig might end up putting letters on the bus instead of leaving it plain white. Recently the

Rindge Rec was looking into getting a new van because the old van is getting too old and costs too much to repair. Also we were looking for a new van that is more user friendly. We had to put this

on the voting ballot and adults of the town had to vote on getting a new van for EDP. The van did not pass the vote this year but when we asked Craig if it would pass the vote next year he said, "I hope so." A situation like this shows just how important it is for people to vote. Craig says an important reason to vote is, "To advocate for their kids." These are things to keep in mind when voting comes around again next year.

**Thank you for  
visiting the Pierce Arrow!**

# Learning from the Arrow Staff

Below: Students learn to take action photos for their articles with the Pierce Arrow Staff.

## Caribbean Golf

**Alexis Creamer**  
Grade: 4

5:00pm. The Caribbean Golf has an arcade and a glow in the dark mini golf. They have two vending machines. The first one is a drink machine and a food machine. When you are ready to start golfing you

get to choose your own color of stick and ball. If you get tickets from the games you will be able to choose a prize depending on how many tickets you have.

## Summer Camp

**Lacey Martin**  
Grade: 3

weeks called "Pirate Week", "Mad Science Week", and others. Summer camp is really fun and people there can be really, really funny. The counselors are very nice and friendly. The counselors let us

eat lunch and snack from home and one night they will let you sleep over! It is awesome. The counselor's names are Amber, Kirsti, Beth, Lianne, and Brian.

## All Sorts of Sports

**Lilly McCarthy**  
Grade: 4

would need gloves, hats, boots, coats, and snow pants. Sometimes on Friday we do music in the back of the room. A councilor turns the projector on so us kids can sing and dance in the back of the room. Another sport here is Gaga. It is when you have a ball on the ground

and you hit it with your hand and if you get hit knee or below you are out. Here at the Rec we are getting a gaga court behind the basketball court. After EDP there is Soft ball and Baseball and sometimes Soccer.
