There were also concerns about wetland delineation and the Conservation Commission had some concern as well. ## **PUBLIC HEARINGS**

### **Amend the Rindge Aquifer Protection District Ordinance**

Rick Godin gave an overview of the changes to the Ordinance

Roberta pointed out that she believed this ordinance was adopted as an Innovative Land Use Control, and that the statutory references at the beginning of the ordinance were incorrect.

Dave Tower made a motion to submit this ordinance to Town Counsel for appropriate statutory references and remedies on appeal and that such changes be incorporated into the ordinance for the next public hearing. Burt Goodrich seconded the motion. The motion carried unanimously.

Roberta spoke against the changes to the ordinance.

Kim opened up the hearing to the public.

Phil Stenersen of 29 Rand Rd. said the Board needs to keep in mind the landowner's rights and the adjacent owner's rights to have pure water and balance that in a reasonable way.

Rick said that this would only affect the Aquifer Protection District. This was not a town wide ordinance.

Jane said she has watched this process for months as the subcommittee worked through the ordinance and she saw them working hard to strike a balance between individual landowners and protecting the water.

24 Butternut Rd said it's not right for the land owner to have to pay to change the line of the Aquifer district.

Roberta made a motion to remove "Code Enforcement Officer" and "Conservation Commission" from section II paragraph B because she did not believe they have any standing. She said she thought it was only the applicant's and abutters and did not believe putting them in the ordinance grants them standing for appealing decisions of the Planning Board.

Following discussion, Jane said she would review and revise the language in section II B.

Roberta made a motion to remove the paragraph at the end of number 6 that allows the Planning Board to ask for peer review. Dave Tower seconded the motion. The motion failed with Roberta voting Yes
